

ENRICH 2.0 - Your Personal Finance Software

DO YOU

Wonder "Where is my money regularly vanishing, as if by magic"?
Have problems in managing your budgets?
Go through stress + penalties for missing important payments?
Doubt those purchases as shown in your credit card statements?
Waste a lot of time searching for details of your past transactions?

You will immensely Benefit from ENRICH 2.0

BUT HOW?

Higher Savings at Same Income - *Better Quality of Life*

The seemingly trivial expenses, when added up, can make a severe dent in your wallet. Using **Enrich 2.0** you can easily identify the 'thieves' like impulse purchases, excessive entertainment etc. Put them behind the bars by being careful in your spending and you would have added to your kitty without having to take a second or even a part-time job.

Say 'Good-bye' to Late Payments - *Relax & Save Money*

Use **Enrich 2.0** to remind you well ahead of the scheduled payments (whether regular or one time) such as telephone / mobile bills, electricity bills, house rent, insurance premium, school fees, credit card payments and more. Avoid the various penalties and the agony of late payments.

Meet Your EMI Commitments Everytime - *Protect Your Reputation*

You will receive an Early Warning Signal from **Enrich 2.0** if your bank balance (as maintained by the Software) is insufficient to meet your EMIs and other committed payments vide post-dated cheques (PDCs). You can now take timely action like depositing cash or transfer funds and thus meet your commitments without penalties or loss of integrity.

Get Details of Your Transactions Instantly - *Be Highly Productive*

Rather than wade through myriad bills, bank statements, cheque books and credit card slips to know when you purchased that fridge or cell phone, just type a key word like 'fridge' or 'cell' in **Enrich 2.0** and instantly get the details! Save valuable time and effort and yet stay in touch with your transactions.

Start Using Right-away - *Manage Your Money More Effectively*

Within minutes, you can have **Enrich 2.0** up and running on **any** Windows from **95 to the latest Vista**. And with appropriate Help available everywhere by the touch of a key, everyone in your family can use it. And you can also protect the details of your personal transactions from prying eyes with a password.

Peace &

Prosperity,

Forever!
